

# What is Open Source?

LPI Linux Essentials (010-160)

## Objectives

At the end of this episode, I will be able to:

1. Define the term Open Source
2. Differentiate between open source software and free software
3. Define the role GNU plays in Linux

## External Resources:

During this episode, you can reference the following external resources for supplementary tools and information:

- [Why we don't endorse other systems](#)
- [GNU Hurd](#)
